

General Rules and Regulations

- The ride is rain or shine.
- You must be able to ride, unassisted, the full distance (of your chosen route) on Sunday, and the full distance on Monday at the scheduled average pace. As a general rule, if you can ride by yourself at the posted group pace you should sign up for that ride. If on the other hand you are not sure, or it would be a stretch to maintain the faster riding pace, please choose a slower group. This should be an enjoyable ride, we are not trying to break any land speed records. If you have any questions about which group to choose, please talk with Ira & Mike at Cycology Bike Shop. They will be happy to help with the decision making process.
- All riders must wear their helmet at all times while riding. No exceptions.
- All riders under the age of 18 must be accompanied by a parent or guardian.
- The long route (18 - 20 mph avg.) will begin and end at the Cycology Bike Shop parking lot. You may park there overnight. Riders depart at 8:30am Sunday.
- Both short route options will begin and end at the Rockmart trailhead Gazebo. You may park there overnight. When you check in we will point you to the designated parking area. Riders in the slower group (13 - 15 mph avg.) will depart at 8:30am. Riders in the faster group (16 - 18 mph avg.) will depart at 9:00am Sunday.
- There will be a dinner provided on Sunday night after all riders have checked in to the hotel. If you have particular dietary restrictions, we will do our best to accommodate. Please contact Allison at allison@davekrache.com no later than April 1, 2017.
- You will be contacted via email the week before the ride with final details.
- Water and snacks will be provided at SAG stops during the ride each day. It will be important to wear your wristband at all times so volunteers at the station know you are a participating rider.
- There will be door prizes given out on Sunday night at the dinner. Each registered rider will receive one ticket. To increase your chances of winning, additional tickets can be purchased before the ride via The Dave Krache Foundation and also at Cycology Bike Shop. Additional tickets can also be purchased at the hotel during dinner.
- The Dave Krache Foundation has the right to refuse a person from participating for any reason.
- Please Note: Our hotel is located in a "Dry County". If you wish to arrange for a friend or family member to bring alcohol, that is acceptable. As your luggage will be limited to a small overnight bag, and volunteers have limited transportation space, Cycology Bike Shop, The Dave Krache Foundation and our volunteers will not transport alcohol from the ride starting point to the hotel for you.
- If you are unsure what to take on the ride, or unsure how to prepare, please stop in to Cycology Bike Shop. Ira and Mike will be happy to help you prepare!
- Patronize your sponsors! They've made this happen!
